Please go to www.quoizel.com for product cleaning tips. Go to the Care + Maintenance selection.

Tools Required: Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses.

Light Source: LED 16W

Estimated Assembly Time: 30-45 minutes

Preparation: Identify and inspect all parts before beginning installation. Check package content list and diagrams below to be sure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact customer service for replacement parts.

Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal. Do not subject glass parts to any shock while in operation or shattering may result.

Hardware Contents

Step 1 - Install Crossbar

A. Attach the Crossbar (AA) to the Outlet Box with the head of the Green Ground Screw facing you. Secure it with Outlet Box Screws (not included). Tighten until snug.

B. Thread one Hex Nut (CC) to one end of the Nipple (DD) until it is at least 0.25” from the end. Pass one Lock Washer (BB) over the end of the Nipple (DD) and thread the Canopy Chain Loop (EE) onto the Nipple (DD). By using pliers, thread the Hex Nut (CC) against the Canopy Chain Loop (EE) and hand tighten until snug.

C. Thread another Hex Nut (CC) to the middle of the Nipple (DD). Place another Lock Washer (BB) over the Nipple (DD) and then thread the Nipple (DD) into the Crossbar (AA) until the Nipple (DD) is about 0.375” above the Crossbar (AA).

Step 2 - Install Canopy Chain Loop and Nipple

A. Adjust the Fixture Chain (GG) to your desired length by removing the links if needed.

B. With the Fixture Chain (GG) not attached to the fixture loop and the Canopy Chain Loop (EE), pull the supply wires through the Fixture Chain (GG) alternating links. After the wires are through the Fixture Chain (GG), pull the Supply Wires and the Ground Wire through the Canopy Lock Ring (FF) and the Ceiling Canopy (II) in order.

C. Attach one end of the Fixture Chain (GG) to the fixture loop with one Quick Link (HH). Lift the fixture and Fixture Chain (GG) up and attach the other end of the Fixture Chain (GG) onto the Canopy Chain Loop (EE) with another Quick Link (HH). The fixture will now hang safely. Close the chain loop at the Ceiling Canopy Loop (EE).

D. Feed the Supply Wires and Ground Wire through the Canopy Chain Loop (EE) and Ceiling Canopy (II) in order.

Step 3 - Install Fixture Chain and Ceiling Canopy

A. Adjust the Fixture Chain (GG) to your desired length by removing the links if needed.

B. With the Fixture Chain (GG) not attached to the fixture loop and the Canopy Chain Loop (EE), pull the supply wires through the Fixture Chain (GG) alternating links. After the wires are through the Fixture Chain (GG), pull the Supply Wires and the Ground Wire through the Canopy Lock Ring (FF) and the Ceiling Canopy (II) in order.

C. Attach one end of the Fixture Chain (GG) to the fixture loop with one Quick Link (HH). Lift the fixture and Fixture Chain (GG) up and attach the other end of the Fixture Chain (GG) onto the Canopy Chain Loop (EE) with another Quick Link (HH). The fixture will now hang safely. Close the chain loop at the Ceiling Canopy Loop (EE).

D. Feed the Supply Wires and Ground Wire through the Canopy Chain Loop (EE) and Ceiling Canopy (II) in order.

Thank you for purchasing a Quoizel product.
